

# Frontend Developer

## Emir Alic

Hello, I am a skilled frontend developer with a passion for programming and design. With my expertise in web development, I have the ability to create user-friendly interfaces that are both visually impressive and functional. As a frontend developer, I am well-versed in the latest techniques and technologies in web development. My passion for programming and design drives me to continuously learn and grow in my field, staying updated with the latest trends and innovations.

## Work Experience

- Nov 2022 – Feb 2023 • Remote, Stockholm  
**nilo** Nilo collaborations AB  
Frontend Developer
  - As a frontend developer at Nilo, I completed my internship (LIA 2) where I developed Nilo's digital platform.
  - During my time as a developer at Nilo, I enhanced my skills in React and Material UI. Other tools used included GIT, Heroku, Django, Azure, and Linux.
- Feb 2022 – May 2022 • Västerås, Västmanland  
**LeoVegas** Gears Of Leo AB  
Frontend Developer
  - During my time as a student at EC Utbildning, I had the opportunity to do my first internship (LIA) at LeoVegas in Västerås as a frontend developer.
  - Here, I utilized Scrum as an agile project methodology, where I had the chance to develop and learn more about techniques such as TypeScript, React, UX, Backend, Web design, GIT, REST, Java, Spring, and MySQL.
- Aug 2017 – Ongoing • Västerås, Västmanland  
**VÄSTERÅS STAD** Västerås City School Operations  
Recreation Assistant
  - During my time as an employee at Västerås City, I have worked in various roles and had assignments as a Sports Teacher, Teacher's Assistant, and Recreation Leader at multiple schools.
  - Currently, I work as a Recreation Pedagogue at Hammarby Recreation Center and Club as a part-time employee, a position I have held since my time as a student.
